

BRACKEN CHRISTIAN SCHOOL

ATHLETIC DEPARTMENT

MISSION STATEMENT

The Athletic Department at Bracken Christian School
seeks to use the arena of physical training and
competition to teach each athlete the disciplines needed
to build excellence in character, education, and leadership

1 Timothy 4:8

BCS offers the following sports for students in

Middle School and High School

Volleyball (girls)

Football (boys)

Cross Country (boys and girls)

Basketball (boys and girls)

Cheerleading (girls)

Track and Field (boys and girls)

Tennis (boys and girls)

Baseball (boys)

Golf (boys and girls – HS only)

Athletic fees are charged per sport to each individual athlete on the following basis:

\$175 – MS Cross Country, Volleyball, Basketball, Track and Field

\$200 – HS Cross Country, Volleyball, Basketball Track and Field, Golf

\$300 – MS and HS Tennis and Baseball (due to field/court rentals)

\$200 – MS Football

\$250 – HS Football

Note: These fees assist in covering the overall cost of running our athletic department (i.e. officials, uniforms, equipment, travel expense, etc.) Also covered in these fees is our supplemental athletic insurance coverage.

- 42. Do you lose weight regularly to meet weight requirements for your Extra-curricular activities
- 43. Do you feel stressed out?
- 44. Have you been diagnosed with or treated for Sickle Cell Trait or Sickle Cell Disease?

Females Only

- 45. When was your first menstrual period? _____
- 46. When was your most recent menstrual period? _____
- 47. How much time elapses from the start of one period to the start of another? _____ days
- 48. How many periods have you had in the last year? _____
- 49. What was the longest time between periods in the last year? _____ days

It is understood that even though protective equipment is worn by the athlete, whenever needed, the possibility of an accident still remains. Neither Texas Association of Private and Parochial Schools nor the school assumes any responsibility in case an accident occurs. The possibility of transfer of disease exists whenever blood transfer occurs. While the risk is minimal with high school activities, by signature below we recognize the possibility exists relating to blood borne pathogens and the transfer of disease such as Hepatitis or HIV.

If, in the judgment of any representative of the school, the above student should need immediate care and treatment as a result of any injury or illness, I do hereby request, authorize, and consent to such care and treatment as may be given said student by any physician, athletic trainer, nurse or school representative. I do hereby agree to indemnify and save harmless the school, TAPPS and any school or hospital representative from any claim by any person on account of such care and treatment of said student.

If, between this date and the beginning of athletic competition, any illness or injury should occur that may limit this student's participation, I agree to notify the school authorities of such illness or injury.

I hereby state that, to the best of my knowledge, my answers to the above questions are complete and correct. Failure to provide truthful and complete responses could subject the student in question to penalties determined by the Texas Association of Private and Parochial Schools.

Texas Association of Private and Parochial Schools Student Acknowledgement of Rules

The health and safety of our student athletes is a primary concern of TAPPS and TAPPS member schools. In compliance with TAPPS governance, the school has

- Provided the school's injury reporting policy
- The school's day of contest attendance policy
- The school's return to play policy and procedures
- The school has provided education and training regarding:
 - **CONCUSSIONS**
 - **SUDDEN CARDIAC ARREST**
 - **STEROID ABUSE**
 - **HEAT STRESS** and
 - **DEHYDRATION**
 - **BLOOD BORNE PATHOGENS**
- We have provided the school with a current medical history and physical form which includes any previous or current injuries/conditions for the student prior to practice or participation.
- We will accurately report all injuries and illness to the school in a timely manner.
- We agree that the school may report all information pertaining to injuries to TAPPS or assigned entity.
- We agree that the student's name, likeness and information may be shared with TAPPS and other entities as determined by TAPPS.

The parent and student understand and agree that even though protective equipment may be worn and precautions taken, the possibility of accidental injury remains. Neither TAPPS, nor representative of TAPPS, assumes responsibility should an injury occur.

I attest that my child will abide by all TAPPS rules as they are presented in the TAPPS Constitution, By-Laws and Contest rules. I understand that if the student is found to be out of compliance with TAPPS rules and governance, the student's eligibility to compete and the school's eligibility to compete in any activity in which the student participated may be in question. The minimum penalty for participation by an ineligible player is forfeiture of contests in which the player participated.

I understand and agree that the executive management, control and final authority for this association rest with the TAPPS Executive Board. The Executive Board shall determine all governance and subsequent compliance therewith.

We attest that we are in compliance with all information presented in this Acknowledgement of Rules form. It is our understanding that non-compliance with the terms presented may result in sanctions presented to the student, team and school.

By signature below, we attest that participation in TAPPS activities is voluntary and that the student/parents assume all risk for death, injury or personal loss to the participant. The undersigned promise to forever hold harmless the Texas Association of Private and Parochial Schools (TAPPS), its officers, employees and representatives against loss, damage or expense from any and all claims, demands or actions that may be brought against any or all of the said parties because of accident or occurrence while said participant is in route to or from, or participating in a TAPPS sponsored contest.

Student Signature / Date

Texas Association of Private and Parochial Schools
Student Acknowledgement of Rules

Student Name: _____

Date of Birth: _____ Grade Level: 9 10 11 12

Is the student transferring from another high school this year? YES NO

This form must be completed by the student and parent/guardian each year prior to participation in TAPPS activities at the member school. In accordance with the TAPPS Constitution and By-Laws, we attest that the above named student:

- has not reached 19 years of age prior to September 1 of the current year.
- has not graduated from high school
- did not enroll in the ninth grade more than four years ago
- did not enroll in the tenth grade more than three years ago
- did not participate with or against high school students more than four years ago

Student presently resides with biological or adoptive parents? YES NO

If the student is not presently living with biological or adoptive parents,

- If a US citizen, the student must be in compliance with the rules set forth in Section 80 of the TAPPS By-Laws and approved by TAPPS prior to varsity participation in Fine Arts or Athletics.
- If not a US citizen, the student must be in compliance with the rules set forth in Section 102 of the TAPPS By-Laws and approved by TAPPS prior to varsity participation in Fine Arts or Athletics.

Student is a returning high school student or incoming ninth grade student? YES NO

If transferring from a high school,

- the student was withdrawn from the previous high school, enrolled in and attending the new school prior to the TRANSFER DEADLINES as posted on the TAPPS website.
- The student is in compliance with the provisions presented in Section 104 of the TAPPS By-Laws
- The student has not participated on a high school team, select, AAU, club, 7 on 7 team or similar organized activity coached or directed by a staff member, teacher or administrator at the new school in the past 12 months.

The above named student

- is a full time day student at the member school as defined in the TAPPS Constitution and By-Laws
- has not represented a college in any contest
- is in compliance with the TAPPS awards rule as presented in the TAPPS By-Laws
- is in compliance with all TAPPS eligibility requirements as presented in the TAPPS Constitution and By-Laws

The school has explained and we are/will be in compliance with the TAPPS governance pertaining to In Season, Off Season and Summer Participation.

The school has explained and we are/will be in compliance with TAPPS governance preventing unattached participation in TAPPS activities.

I understand and attest that the burden of proof pertaining to the eligibility of my child rests solely with the student and parents. In the event eligibility is subject to review, we will provide all information requested by TAPPS included but not limited to birth certificate, transcripts, financial information and all reasonable and pertinent information necessary to establish the student's eligibility to compete.

SUDDEN CARDIAC ARREST

What is Sudden Cardiac Arrest (SCA)?

Sudden Cardiac Arrest is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is not a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction of the heart's electrical system, causing the heart to stop beating.

How common is Sudden Cardiac Arrest?

While studies differ in the actual rate of occurrence, the American Heart Association information indicates that there are approximately 300,000 SCA events outside hospitals each year in the United States. About 2000 patients under the age of 25 die of SCA each year. Studies now being performed in Texas and other states indicate the occurrence rate for high school age athletes may be greater than this figure.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

Dizziness	Fatigue	Lightheadedness
Extreme tiredness	Shortness of breath	Nausea
Difficulty breathing	Vomiting	Racing or fluttering heartbeat
Chest Pains	Syncope (fainting)	

These symptoms can be confusing and unclear in athletes. Often people confuse these warning signs as physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

For this reason these symptoms are included on the Medical History form provided by TAPPS and required for each student prior to participation in athletic events each year. As parents and student athletes, your truthful answers to these simple questions will assist your medical practitioner when performing the annual physical examination.

What are the risks of participation and playing with these symptoms?

Continued participation brings with it increased risk. This includes playing in practices and games. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just minutes. Most people who experience a SCA die from the event.

While TAPPS does not mandate Cardiac Screening prior to participation, TAPPS and the TAPPS member schools recognize the importance of our students' health and highly recommend discussing screening options with your health care provider. Any student who shows signs of SCA should be removed by the parents from play. This includes all athletic activity, practices or contests. Before returning to play, the student should be examined and receive clearance by a licensed health care professional of the parents' choosing.

**I have reviewed the above material. I understand the symptoms and warning signs of SCA.
Additional information is available on the Health and Safety page at www.tapps.net.**

Student Signature / Date: _____

PARENT AND STUDENT NOTIFICATION STEROID USE AGREEMENT FORM

State law prohibits possessing, dispensing, delivering or administering a steroid in a manner not allowed by state law.

State law requires that only a medical doctor may prescribe a steroid for a person.

State law provides that body building, muscle enhancement or the increase in muscle bulk or strength through the use of a steroid by a person in good health is not a valid medical purpose.

Any violation of state law concerning steroids is a criminal offense punishable by confinement in jail or imprisonment in the Texas Department of Criminal Justice.

HEALTH CONSEQUENCES ASSOCIATED WITH ANABOLIC STEROIDS

(source: National Institute on Drug Abuse)
<http://www.nida.nih.gov/Infofacts/steroids.html>

For boys and men – shrinking of the testicles, reduced sperm count, infertility, baldness, development of breasts, increased risk for prostate cancer.

For girls and women – growth of facial hair, male-pattern baldness, changes in or cessation of the menstrual cycle, enlargement of the clitoris, deepened voice.

For adolescents – growth halted prematurely through premature skeletal maturation and accelerated puberty changes. This means that adolescents risk remaining short for the remainder of their lives if they take anabolic steroids before the typical adolescent growth spurt.

For all ages – potentially fatal liver cysts and liver cancer; blood clotting, cholesterol changes, and hypertension which can promote heart attack and stroke; and acne. Available evidence may suggest that anabolic steroid abuse, particularly in high doses, promotes aggression that can manifest as fighting, physical and sexual abuse, and property crimes. Upon stopping anabolic steroids, some abusers may experience symptoms of depressed mood, fatigue, restlessness, loss of appetite, insomnia, headaches, muscle and joint pain and the strong desire to return to the use of anabolic steroids.

For Injectors – infections resulting from the use of shared needles or non-sterile equipment, including HIV/AIDS, hepatitis B and C, and infective endocarditis, a potentially fatal inflammation of the inner lining of the heart. Bacterial infections can develop at the injection site, causing pain and abscess.

STUDENT CERTIFICATION

I have read the above information and agree that I will not use illegal anabolic steroids.

Student Signature _____ Date _____

PARENT / GUARDIAN CERTIFICATION

I have read the above information and agree to my knowledge my student will not use illegal anabolic steroids.

Parent/Guardian Signature _____ Date _____

CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body
- Can change the way a student's brain normally functions
- Can occur during practice or contests in any sport
- Can occur in activities both associated and not associated with the school
- Can occur even if the student has not lost consciousness
- Can be serious even if a student has just been "dinged" or had their "bell rung"

Are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, one or more of the following symptoms may become apparent. The student may not "feel right" soon after, a few days after or even weeks after the injury event.

Headache	"Pressure" in the head	Nausea	Vomiting
Balance problems	Dizziness	Blurry Vision	Double Vision
Sensitivity to Light	Sensitivity to Noise	Confusion	Memory Problems
Difficulty paying attention	Feeling sluggish, hazy, foggy or groggy		

If you have concerns regarding any of the above symptoms, your doctor should be consulted for further information and/or examination. Your physician or medical professional can best determine your student's physical condition and ability to participate in athletics.

What should students do if they believe that they or someone else may have a concussion?

- Students should immediately notify their coach or school personnel.
- Student should be examined by appropriate medical personnel of the parent's choosing. The medical provider should be trained in the diagnosis and treatment of concussions
- If no concussion is diagnosed, the student shall be cleared to return to athletic participation.
- If a concussion is diagnosed, the school protocol for return to play from a concussion shall be enacted. Under no circumstances shall the student be allowed to return to practice or play without the approval of a licensed medical provider trained in the treatment of concussions.

I have reviewed the above material. I understand the symptoms and warning signs of CONCUSSIONS. Additional information is available on the Health and Safety page at www.fanps.net. All concussions should be reported to the school as soon as possible. Previous concussions should be reported on the Medical History form to allow the medical practitioner the best information possible when conducting the annual physical examination.

CONCUSSIONS – Don't hide it. Report it. Take time to recover.

Bracken Christian School Athletic Department

Athletic Insurance Information Form

2018-19

Athletic competition can be one of the most exciting and fulfilling components of the educational experience. Unfortunately injuries can sometimes be part of that overall experience. Rest assured that we will do everything in our power to not only treat our athletes for any injury they may develop, but also to invest in resources and training in order to try to prevent these injuries from occurring at all.

In the event that an injury occurs that requires medical treatment, Bracken Christian School carries an excess medical policy for all of our athletes in all sports. What this means is that in the event of an injury, a family's personal insurance coverage would make the initial claim and our coverage would pay for any and all out-of-pocket expenses (including deductible) up to a predetermined amount. You may contact the business office to request information on our current coverage amounts. In the event that a family does not have personal insurance, this policy would then become the primary policy and cover all expense up to that same predetermined amount. In the event of an injury, parents should consult their personal doctor as they would in any other situation. If medical bills occur, then contact our business office for directions on reclaiming those expenses.

It is important that parents as well as athletes immediately inform a member of the coaching staff of any injury that occurs. This should take place either at the event or as soon as a possible problem is suspected. A report from any attending physician should be sent to the athletic office as soon as possible if medical attention is provided. The time at which an injury is reported may impact insurance coverage.

Agreement to Insurance Policy

I understand the athletic insurance policy of Bracken Christian School and by signing this form agree to allow my child to participate based on my acceptance of this information. I understand that in the event of an accident, I will be responsible for any and all expenses above the predetermined limit of this policy regardless of whether the school's policy acted as an excess or primary policy. I agree to contact the school office within 72 hours of seeking medical treatment for any injury that could be related to athletic participation. I understand that if I have questions regarding this coverage, I can contact either the athletic or business office at Bracken Christian School to get further information.

Student's Name: _____

Parent's Name: _____

Parent's Signature: _____ Date: _____

Bracken Christian School Athletic Department

Transportation Form

2018-19

This form needs to be filled out and on file in the athletic office for all student athletes within the Bracken Christian School athletic department. Students will not be allowed to participate in games away from Bracken Christian School without this form being on file.

Student Name: _____ Grade: _____

MIDDLE SCHOOL AND HIGH SCHOOL (Check all boxes that are applicable)

_____ I give permission for my child to ride on the school bus (If available and/or offered)

_____ I will be responsible for getting my child to and from all athletic events in which transportation is not provided by the school.

_____ I give my child permission to ride with another parent to events.

_____ I give permission for my child to ride to events with a designed student driver (HS only).

_____ I will be willing to help drive students to games, and I normally have room for ____ additional students.

_____ I would be willing to help arrange and coordinate transportation needs for a given sport.

Please note: Bracken Christian School does offer bus transportation to many athletic events. However, due to both the number of teams participating on a given day or the number of players on a given team, transportation may not always be available for a particular event or team. In those cases in which bus transportation is not available, it is the responsibility of the parent to arrange transportation for their student in a timeliness consistent with that teams daily schedule.

STUDENT DRIVER INFORMATION (High School Only)

_____ I give permission for my child to drive his/her own car to events (No additional riders)

_____ I give permission for my child to drive his/her own car to games and to take other students.

_____ I give my child permission to ride with the following student drivers:

List: _____

Parent Name: _____ Parent Signature: _____

Bracken Christian School Athletic Department

Athletic Participation Contract

2018-19

This participation contract must be filled out completely and turned into the Athletic Department before the athlete can participate in any athletic competition. The purpose of this form is to emphasize the seriousness of committing to play for a team and that once a commitment is given, every possible effort needs to be made in order to fulfill that commitment.

Name of Athlete: _____ Grade: _____

The above listed athlete agrees to the following conditions/rules of participation:

- Once this form is signed and returned, the athlete is promising to fulfill their commitment to any team that the try-out for as long as that season lasts. Failure to fulfill this commitment, which in the case is finishing the season in good standing with the tea, will result in the athlete losing all eligibility at Bracken Christian School for one calendar year. The only exceptions to this rule are extended/sever medical conditions that arise during the season or an exceptionally difficult family emergency that must be dealt with over a period of time.

Examples of situations that are NOT accepted reasons for quitting a team:

- Any school-related function not cleared prior to the season (banquets, drama production, etc.)
- Needing a job.
- Attending drivers-ed.
- Lack of playing time.
- Too difficult to get to practice.
- It is not fun anymore.
- Needing to concentrate on academics.
- Too much other stuff to do.
- Etc.

As much as these reasons may be legitimate concerns for many athletes, they are all things that need to be considered **before** a student commits to playing on a team. Athletics is a very time consuming event and athletes and parents need to understand this in advance.

It is our goal to teach our students Christ-like attributes in everything that we do at Bracken Christian School. We feel that responsibility, integrity, loyalty, and honoring commitment, are all attributes that we are trying to instill by enforcing this policy. We appreciate everyone's understand as we try to better prepare our students for His service.
